

ODW Logistics, Inc.

TECHNOLOGY DRIVEN WAREHOUSE AND TRANSPORTATION SOLUTIONS

» ODW Logistics and Transportation Services: Your Outsourced Transportation Managers «

Logistics and Transportation Services (LTS) is a full-service, 3rd party transportation solution provider. Our mission is to drive cost from the supply chain through an innovative and leveraged methodology. Recognizing that each client's supply chain is unique, we tailor our approach to fit their individual intricacies and allow our customers to focus on their core business.

We handle every mode of transportation including:

- Parcel
- LTL
- Truckload (refrigerated, dry, flat)
- Intermodal – rail
- Partial Truckload
- Air and Expedite
- International

Meeting All Transportation Needs

ODW LTS offers a variety of freight services including:

- Freight management
- Supply Chain Optimization
- Brokerage
- Consulting
- Network analysis
- Reverse logistics
- Freight pay and audit

» **Technology based solutions.** We have custom built technology platform to help you more efficiently manage your business. **Beyond technology, we have a dedicated Account Manager who will help your company make better decisions based on education and experience.**

LTS uses state-of-the-art technology

to customize the right supply chain solution for each client. While we have a diverse product offering, each client's supply chain is unique. We can help clients reduce costs by creating strategies that involve the entire supply chain from customer orders to final product delivery. Our systems allow clients to view all freight movement regardless of mode or carrier.

Online Capabilities:

- Detailed tracking & visibility
- Reporting and metrics
- Quoting
- Order entry
- EDI and XML communication
- Open source for low cost implementation

ODW Logistics, Inc.

Our logistics services give you a single source for your transportation needs. With more than 1,000 employees and over four million square feet of shared and dedicated warehouse space, ODW Logistics' supply chain solutions are unparalleled in the industry. We seek to build *trust* with our customers, associates and partners based on a foundation of a great *team* who maintains a healthy *balance* of work and life.

We've Got RANGE

Technology Driven Transportation Solutions

Transportation Management System

This system allows users to compare freight costs, enter new shipments for pick up, track shipments and pull customized reports to help you manage your business. By providing a unique log-in for each user, customers can view the status of each of their shipments, regardless of the mode.

Through this technology, customers can:

- » **Enter orders:** Online order entry with a variety of service offerings. Saved commodity and company list allows for order entry in seconds.
- » **Select the right carrier:** We focus on safety when selecting the right carriers by cross-referencing insurance verification and CSA scores.
- » **Print BOLs:** One Click BOL with all customer requirements. Print or email for ease of use.
- » **Shipment management process:** Customized reports and alerts to give you the information you need to make decisions, backed by a dedicated account manager to monitor.
- » **Change "track shipments" to Visibility:** Real-time tracking status. Manage all of your in-transit shipments, or just the exceptions. View complete order history from one page.
- » **Reporting:** KPI and analytics customized to your business requirements. Quick visibility to rates, accessorial charges, on-time reporting and more.
- » **Remain safety compliant:** We have quality control measures interfaced with our TMS to monitor carrier safety compliance to reduce your liability exposure.

» Total Supply Chain Solutions

ODW Logistics, Inc. is a premier third-party supply chain solutions provider (3PL), headquartered in Columbus, Ohio, with operations nationwide. We help companies make smarter choices about warehousing and transportation decisions, so they can streamline costs and operate more efficiently. ODW Logistics specializes in customized solutions, using the latest technology to deliver on time and on budget to clients in a wide range of industries.

ODW LTS, LLC. operates in partnership with ODW Logistics, Inc. but is not a subsidiary or division thereof. Transportation management and brokerage operations handled by ODW LTS are separate transactions from ODW Logistics warehouse activity and Dist-Trans asset based transportation activity.
